Forests Re-opeing

Written by Team Snaptek Thursday, 18 July 2002 00:00 -

The wait, that seemed to last forever, is finally over! The National Forests are re-opening with campire and smoking restrictions remaining in effect in most areas.

See this

post

to the az-geocaching mailing list for more information as to where and when the forests will reopen.

Update: Here's info on the status of state trust

land.
